

Pop Up 'Hook Style' Assembly Instructions

1
Ensure all components are available for assembly.

2
Position space frame with lamp fittings on top and towards you.

3
Open structure until magnetic locking bars snap together.

4
Place magnetic rails vertically into hubs and let snap into place.

5
Start at the top and continue downwards until all are positioned securely.

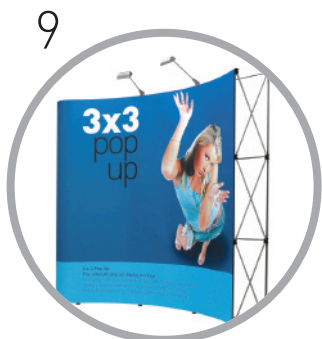

6
Slide halogen lamps onto fittings.

7
Hook each blue graphic rail connector over the blue peg at the top of the structure.

8
Let the graphic's magnetic strips gently grab the side rails from top to bottom taking care not to crease the graphic.

9
Continue until all panels are in place. Taking the Pop Up down is the reverse of assembly.
